The Last Meeting 21st April 2021. A total of 17 participants (12 NTC members; 4 Aviation Group Members and 1 IMI member) joined the meeting and heard a very interesting and informative talk by Tom Dickerson, CEO of Fleetsense. His address majored on the increasing need for the installation and use of CCTV systems in all types of vehicles to provide evidence when making or responding to insurance claims. He also covered the types of systems available as well as the new regulations/legislation which require the use of them. His talk generated a wide range of questions and discussion. Tom is happy to provide independent advice to any member. Just contact him at Fleetsense Tel.: 0345 459 4998.

Next Meeting Wednesday 19th May 2021 Meeting at 7.25 pm: Zoom will be opened for joining from 7.15pm. **Meeting ID: 777 651 8045 Password: NTC.** If you need the link to join Zoom rather than using the above codes Barry can supply it via email.

We are again welcoming members from NDAG, IRTE and IMI. To join us in this open meeting.

The guest speaker is Dr Allan Parker. Alan is a Trustee of the Langham Dome which was built in 1942/43 to train anti-aircraft gunners. He will give us an insight into its history and the innovative technology which was developed and used well before digital virtual reality became normal. Whilst not a subject related directly to transport we hope it will be of interest to many of you. We hope that for this, the last meeting of the current season we can receive better participation. Hopefully we can return to normal meetings at the Hotel in October.

This meeting will be preceded by the 2021 Annual General Meeting. Details below.

2021 Annual General Meeting 6.30pm on Wednesday 19th May 2021. Zoom will be available for joining by 6.15pm. The codes for this meeting, **different from those of the open meeting**, are:

Meeting ID: 942 3278 3186 Passcode: NTC

This meeting will close at 7.15pm to facilitate the Open Meeting. Any A.G.M. business not completed by that time will be continued at the end of the open meeting once all Non-NTC participants have logged off.

The final Agenda together with all the relevant documentation will be issued in the next 10 days to allow time for members, who choose not to join the Zoom meeting, to raise questions and receive responses ahead of the meeting.

We are still seeking three additional members to fill vacancies on the committee. Please consider putting yourself forward and letting Barry know a.s.a.p. Unless you want to take on more, it is mainly just attendance and participation in the monthly committee meetings. If you want more information on the role or to clarify the level of time and work involved Barry will be only too happy to provide it.

Please, if possible, try to join and take part in this A.G.M Zoom meeting. We know many do not like or feel comfortable using Zoom, however, for the voting process on committee membership and other business items to be democratic and expressing the will of most of the membership we need a high level of attendance. Barry will be only too pleased to provide advice and information to anyone who has concern or needs help in using Zoom. Proxy voting will be available in relation to the election of the new committee. However, because additional candidates not known and included in the agenda papers, can be nominated at the actual A.G.M., your proxy votes may not include your wishes in relation to all the final candidates.
